

# WHAT'S THE WEATHER LIKE IN YOUR PROGRAM?

## Directors

TUES. FEBRUARY 6  
NOON - 2:00 PM

Francis Branch Library  
52655 N Ironwood Rd,  
South Bend, IN 46635

***Food will be provided***

*During the month of February all ECAP directors will have the opportunity to assess the temperature of their working environment using our Environmental Survey.*

Join us for this workshop as we discuss various 'weather conditions' at your center and introduce the tool and process.

Each director will then set up a private feedback session to look at data from the survey and think about any follow up needed.

If you are interested in this but the date/time doesn't work, reach out to Stephanie W.
