

**Social Studies KDIs**  
**Follow up reflection questions**

How does your classroom reflect you? Your children and their families? Our community? What more could you add?

One way I use families as a resource is...

What evidence do you have that the children in your room have some understanding of economics?

One way I connect children to places in our community is...

Two examples of how the children in my room make decisions are..

This is how I offer concrete representations to make children aware of the distant past and far future...

One new thing I could do to develop children's awareness of and appreciation for nature is...
