

Toilet Learning and Bodily Care

I see that you need to use the toilet.

Let's move into the bathroom.

I will hold this for you until you are done.

Remember that water comes out very fast.

Would you like to hop like a rabbit or stomp like a dinosaur?

Would you like to be first or next?

First we...then we...

It's your turn to try the toilet.

After we use the toilet, we wash the germs down the sink.

What song should we sing while we wash?

Want to do it yourself or with help?

That noise from the dryer is loud.
