

Workshop Title: **Creating a culture of safety and security: Active supervision in an active learning classroom**

Name: _____ Date _____

Site: _____ Room # _____

Use these questions and the handouts provided to confirm your understanding of the key ingredients of active supervision. Your role is the key!

1. I would define 'active supervision' as:

2. These are the important features to consider in setting up a safe classroom:

3. Here is how I will position myself for awareness and play:

4. My favorite reminder to 'scan and count' is:

5. My team and I know that where we position ourselves and how we communicate is key in active supervision. Our plan for communication includes the following signals when we are concerned about a child's safety:

I affirm that I have watched this pre-recorded 1 hour training workshop in its entirety and have answered the above quiz questions on my own.
